WPC-13

WPC-02

The background of the image is a composite decking material, specifically WPC-33. It features a central vertical band of dark brown, wood-grained planks. This central band is flanked by two wide, vertical sections of bright green, grass-like texture. The overall composition is symmetrical and visually appealing, highlighting the product's aesthetic and its application in outdoor spaces.

WPC-14

The image shows a close-up of a WPC-12 product, which consists of vertical wooden slats. The slats are arranged in a row, with a dark brown slat in the center and lighter brown slats on either side. The background is a lush green lawn. The text "WPC-12" is printed in white, bold, sans-serif font across the top of the slats.

WPC-12

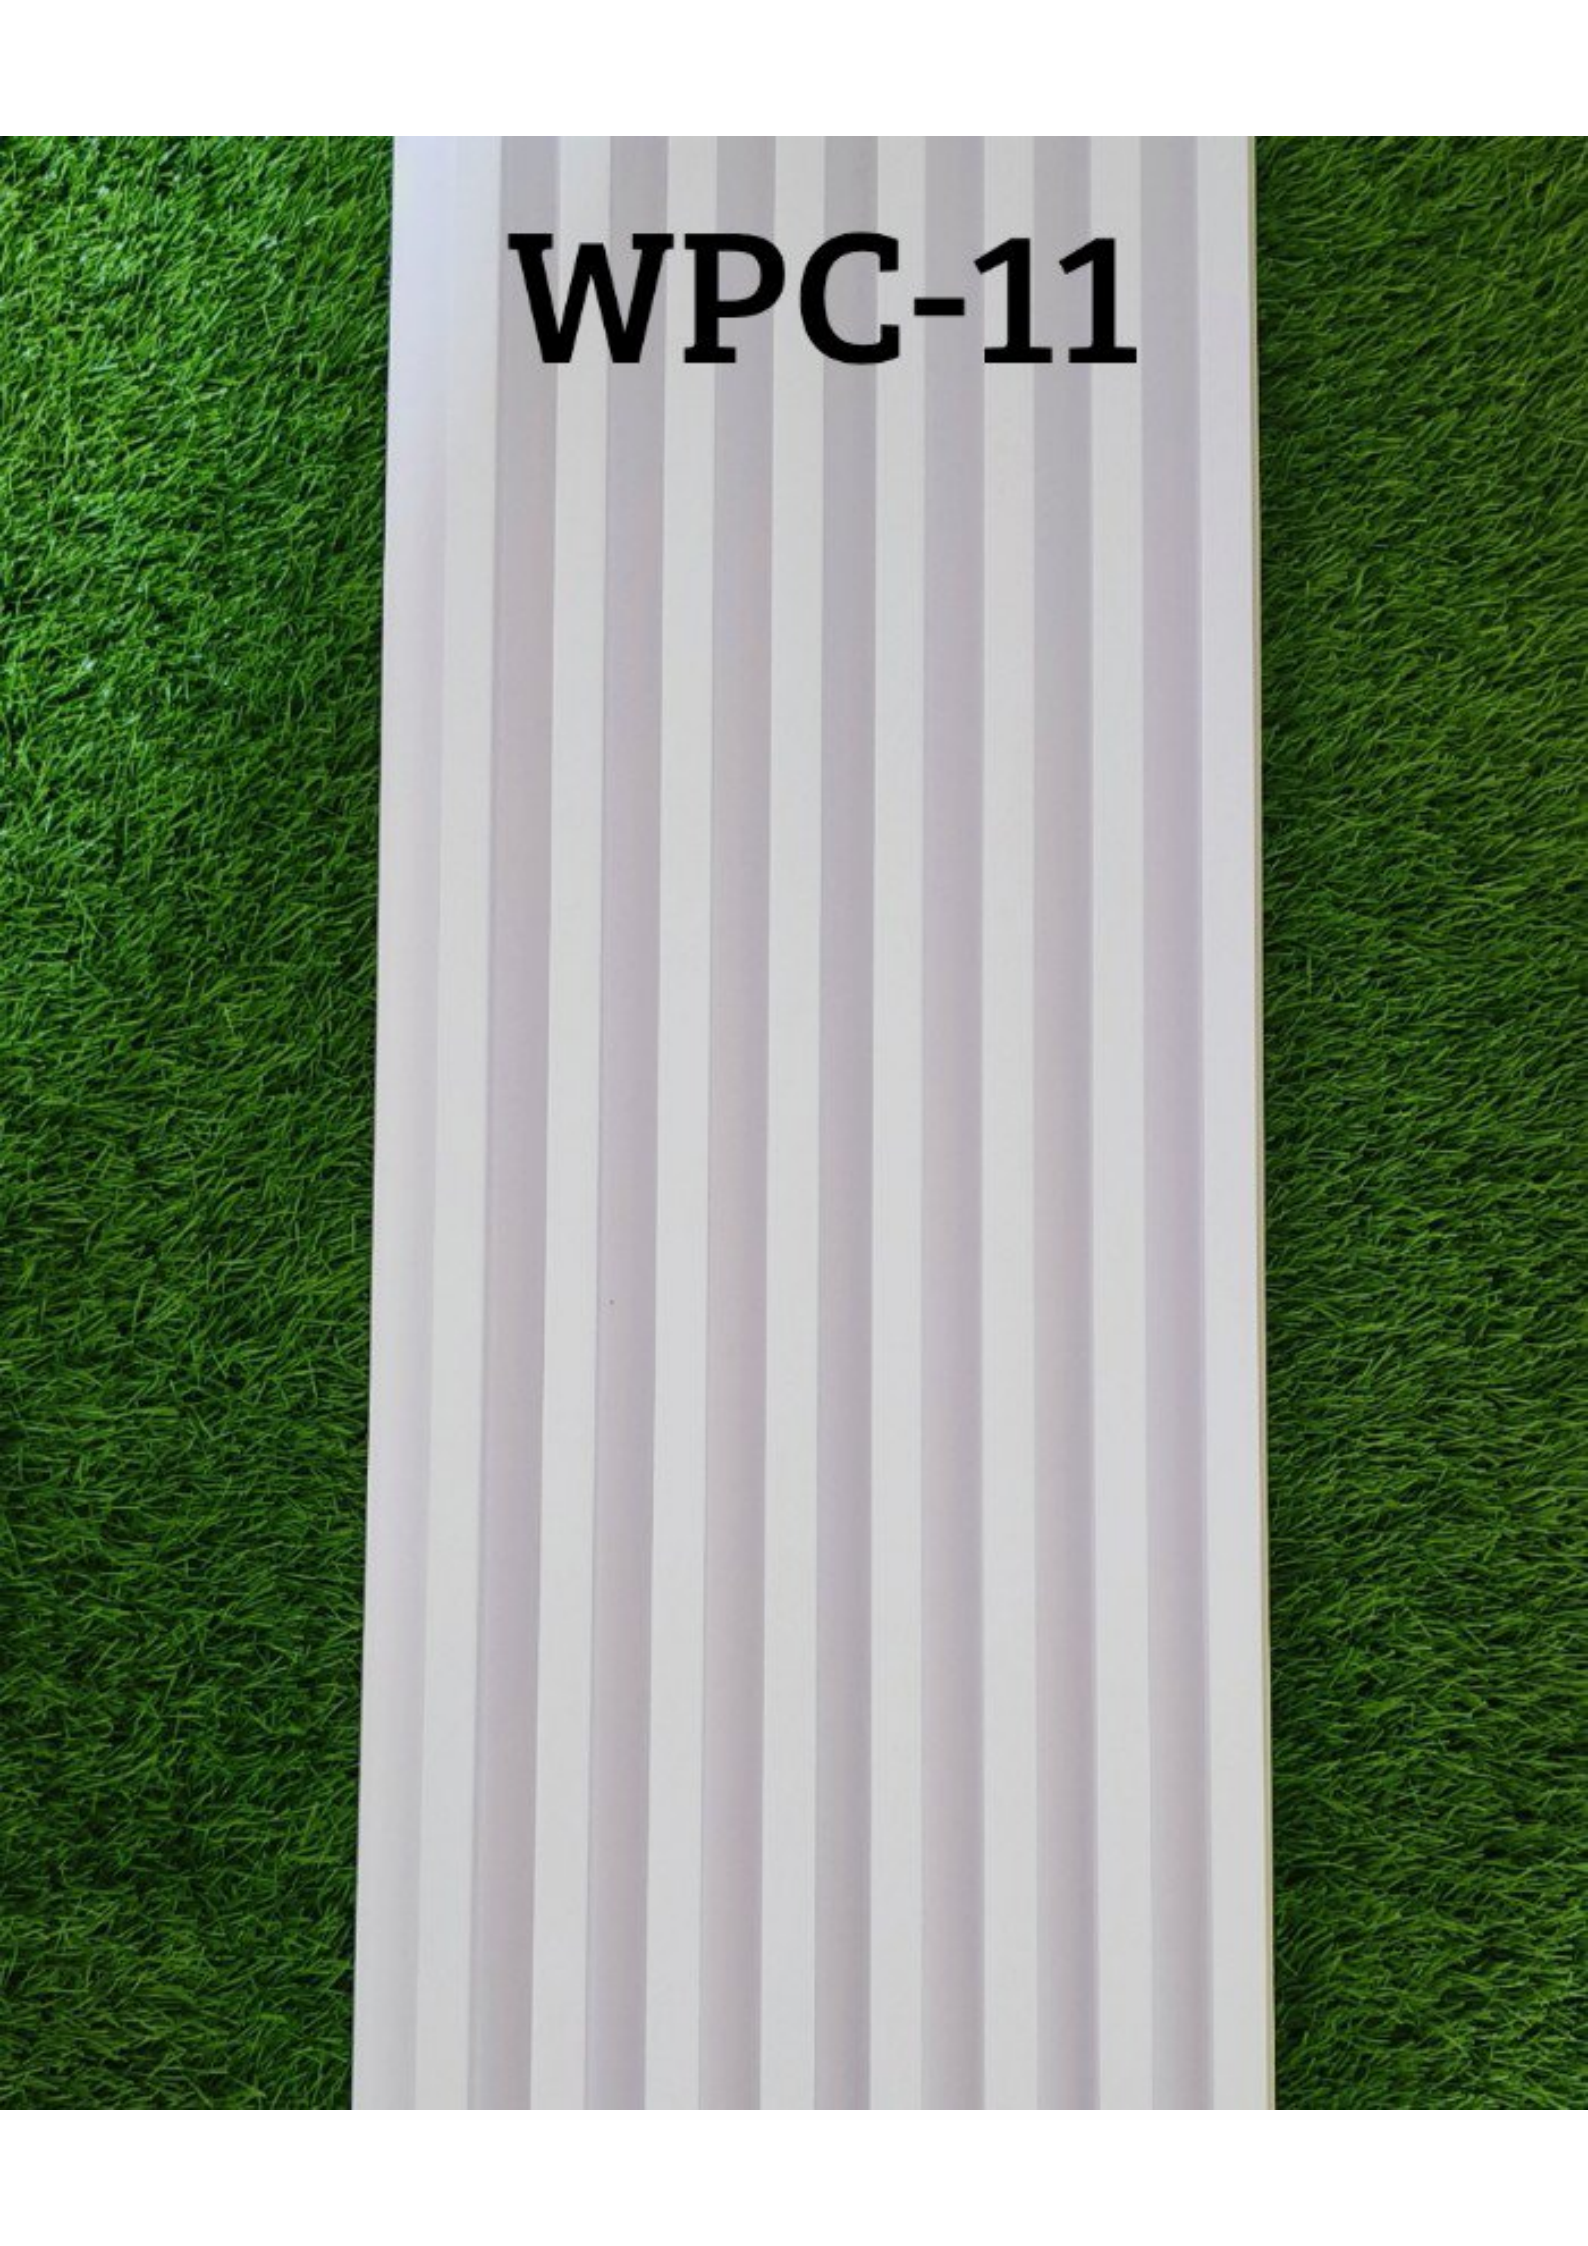

WPC 17

The image displays a vertical strip of WPC 17 material, which has a wood-grain texture. This strip is centered and runs from the top to the bottom of the frame. The background is a dense, green artificial grass. The text 'WPC 17' is printed in white, bold, sans-serif font at the top of the wood-grain strip.

WPC 334

WPC-333

The image shows the front cover of a book. The cover has a central rectangular panel with a vertical stripe pattern in shades of light grey and off-white. This central panel is flanked on both the left and right sides by vertical borders of a vibrant green, textured material that resembles artificial grass. At the top of the central panel, the text 'WPC-11' is printed in a large, bold, black, sans-serif font.

15 mm

The background of the image is a composite of three textures. The central portion is a dark brown, vertically-slatted surface, resembling a fence or a wall made of composite decking. This central section is flanked on both the left and right sides by a vibrant green, dense texture that looks like artificial grass or a similar synthetic material. The overall composition is symmetrical and modern.
